

 **PRINCE2  
AGILE**<sup>®</sup>

**Combining the flexibility  
of Agile with the clearly defined  
framework of PRINCE2<sup>®</sup>**

PRINCE2 Agile® is the world's most complete project management solution, combining the flexibility and responsiveness of Agile with the clearly defined framework of PRINCE2®.

## An integrated approach

Developed in response to demand from user communities, PRINCE2 Agile provides more structure, governance and control when working with Agile concepts, methods and techniques, such as Scrum, Kanban and Lean Startup.

PRINCE2 Agile equips practitioners to deal with change within projects, without affecting key final outcomes. At the same time, it assists incremental delivery, resulting in a faster return on investment.

## Benefits for the professional

- Proves you can manage any kind of project
- Gives you control and good governance, combined with flexibility and responsiveness
- Provides you with a broad understanding of all key Agile concepts and how they blend with PRINCE2

## Prerequisites

To sit the PRINCE2 Agile exam you must hold any of the following certifications:

- PRINCE2 Foundation
- PRINCE2 Practitioner
- Project Management Professional® (PMP)
- Certified Associate in Project Management® (CAPM)
- IPMA® Levels A, B, C and D (Certified Projects Director)

## Benefits for the organisation

- Provides complete control, allied with true flexibility
- Increases collaborative working between teams
- Increases Stakeholder confidence
- Encourages incremental delivery, resulting in faster ROI
